

Middleton Arts and Craft Exhibition and Competition – Middleton Village Hall Weekend of 19th/20th December

(Dates depending on Government Advice)

How did you cope with the early lockdown? At least the weather was very kind and many of us took advantage to play or walk in our beautiful local area.

We thought it would be nice if our primary school aged children shared some of their ideas and to make it a bit more fun, we are offering some voucher prizes if you would like to enter some of your work. We are liaising with the Teachers at Middleton Primary School to ask if the children would like to enter work in 2 age related groups.

If we are unable to hold the exhibition on those dates, we will inform you of new dates but the competition will go ahead.

What I Wish For!

We would like you to think about what you would wish for in the future after the challenges faced by us all this year. You can use any medium you wish, paint, collage, photographs, pencil, charcoal, fabrics etc. Do you wish to see more trees, spend time with friends on the beach or be able to play in the park, celebrate Birthdays with others etc? There may be time for you to complete this challenge in school or you can work on this at home.

It is hoped that we will be allowed to exhibit the entries and that those viewing will be able to vote for the best in two groups, KS1 and KS2. We will be offering a Craft Voucher to the winner of each category and hope to be able to celebrate at this festive time with a raffle and some Christmas nibbles and perhaps a socially distanced drop of mulled wine for the adults.

Please help support our Village and come together to celebrate the many talented children who live here.

Please submit your entries with your name and age to the school or phone Lynda Whitbread, Tel. 01728 668977, who can collect your competition entries.

Closing date 11th December 2020.

Good luck!
