Dear Parents,

Re: Google Classrooms

As many of you are aware, we set up Google Classroom during the school closure to support the Home Learning and also to maintain links between staff and pupils, and between pupils and pupils.

Now that we are back at school, we will be continuing with the use of Google Classroom for our Home Learning opportunities. Teachers will be posting a variety of home learning activities in online with our policy, for your children to access. Google Classroom will also be useful should any children need to self-isolate or in the event of further partial or full school closures.

The previous classes have now been archived and new classrooms set up with. Your child's email will remain the same but they will need a new class code (see below)

For those children that are new to our schools this year, to access the classroom, login to Google with the new email address below.

Your child's school email address will be their name followed by yoxvalley.org
For example Basil.Brush@yoxvalley.org

A temporary password will be: **hotdog12**
On the first login, you will be required to set up a new password for your child.

Once logged in, go to classroom.google.com, click the + in the top right of the screen, and 'join class'. You will need to select 'Student' and Google will ask you for a class code to gain access to the classroom.

Your class code is: **4mrpyb6**

Your child's G-suite account is limited to accessing Google Classroom only. They will not be able to use any other Google services such as e-mail or chat.
If you have any problems accessing the classroom, please email your child's teacher and they will endeavour to help.

Many thanks,
Gail Jerman
